EXCLUSIVE OPTION

Juicier, more tender, round patties don't happen by accident. Only AZZAR can provide your customers with patties that shrink evenly, eliminating typical front-to-back shrink. Available only from AZZAR our special Roto-Flow fill option creates the finest patties you'll ever produce. No other multi-outlet patty machine can duplicate our superior results.

OPTIONS

- Roto-Flow fill system
- Vacuum pull paper interleaver
- Hopper extension
- Meatball rolling attachment
- 3-D forming
- Parts clean-up rack
- Cuber/Perforator
- Shuttle conveyor
- Indexing tray conveyor
